MEMO FOR: [REDACTED]

SUBJECT : The United Nations: Problems
and Potential

I am sending you several copies of the OPR study on the UN, which was just published. I would appreciate it if you would give two of these copies to Ambassador Scali, with our thanks for his cooperation in supplying comments to the author. The final version reflects many of the UN Mission comments, though not all.

[REDACTED] and I were very sorry that she had to get back to Washington quickly and therefore did not have time to sit down with you and others [REDACTED]. This was unavoidable and should not detract from our thanks to you for your help.
